- Masaje deportivo
- Fascitis plantar
- Espolón calcáneo
- Lesiones del manguito rotador
- Vendaje neuromuscular

A woman is shown from the back, lying on a massage table. Her hair is pulled back. A therapist's hands are visible, one resting on her shoulder and another near her back. Three blue, oval-shaped TENS (Transcutaneous Electrical Nerve Stimulation) electrodes are attached to her back. Wires connect the electrodes to a device, with a red and a black probe visible. The background is a soft, out-of-focus indoor setting.
